

## **Go to sleep**

Go to sleep  
I will keep  
You asleep, safe from harm and you will never be  
Alone without me

Here You are  
Shining star  
You are our miracle you've travelled from afar  
And now, here You are

*Go to sleep, my baby  
Life's hard, don't forget  
So much to give, and maybe  
You're not ready yet*

*Go to sleep my baby  
Your Father, He knows  
Life can be full of love  
Also full of woe.*

Our child  
Holy child  
What has your father planned  
what will your life be like  
Just lie here tonight

If I could  
Then I would  
Shelter You from the world just like a father should  
Would that do you good

*Go to sleep, my baby  
Life's hard, don't forget  
So much to give, and maybe  
You're not ready yet*

*Go to sleep my baby  
Your Father, He knows  
Life can be full of love  
Also full of woe.*
