"THERE IS ONE THING we do on earth that we will continue to do in Heaven. That is to praise and worship God. That is why we view life on earth, for those who love Jesus, as choir practice for Heaven. To say that praise and worship is the most important category of music today is an understatement. In light of that, there is no more important activity in the human heart than to praise and worship God. This is the reason we exist. This is our purpose. This is also the corporate mission of our company. We are committed to helping people worldwide experience the manifest presence of God and develop a lifestyle of worship. As you listen to this recording, I encourage you to participate with us as we worship the Lord together and prepare our hearts to do His will."
