

Thankful

In darkness, in the night
Feeling helpless and alone
I was focused on my plight
My heart became as cold as stone
But You kept drawing near
You saw each tear and every fear
The cords of death entangled me
But You delivered me

Refrein

Lord, I am so thankful
For all You've done for me
You released me from captivity
And Your love has set me free
Lord, I am so thankful
You reign in majesty
The foe has been defeated
And Your love has set me free

Like a fool I lived my life
Thinking only of myself
There was nothing I could find
to fill the emptiness inside
You spoke a simple Word
And healed the pain inside of me
I put my trust in You, o Lord
My shelter and my peace

Refrein

Lord, I want to thank You
For each miracle, each sign
There is no-one else like You
The source of everlasting life
You make streams flow in the desert
Bring refreshing to the tired
The thirsty will be filled
And those who hunger satisfied

Bridge

Impossible made possible
Through Your amazing love
When I'm weak, You show You're strong
And You will never let me go

Refrein, daarna 2x herhalen:
The foe has been defeated
And Your love has set me free

Tegenstem bij refrein:

I am so thankful

I am so thankful

I am so thankful, Lord

And Your love has set me free

Free

I am so thankful, Lord

Majesty

The foe has been defeated

And Your love has set me free
