

De Verdieping

Going deeper, reaching higher, Lord I want to know You more
Here I am, with a heart wide open, listening to hear Your voice
I am longing to go deeper, closer to your heart, I come
Lord, I choose to kneel before You, bowing at Your feet of love

I will dance and celebrate You, I'm leaving all the world behind
Above all of my circumstances, Jesus you are my life-line
Be enthroned upon our praises, we proclaim that You are King
Here we are to give You glory, Lord we give you ev'rything

You are worthy of our praises, You have power, you have might
You give strength when we are weakest, You deliver us from pain
You decide and it's created; You bring light into our night
You can heal the deepest wounds and be our Father ev'ryday
