

King

There is a great King, do you know His name?
The king of the Jews, and every domain
He is the great king forever He'll reign
The King of the ages, do you know His name?

He is a great King, with infinite might
Healed the division between God and mankind
He is the great King both faithful and true
He offered his lifeblood and he made everything new

Yes, He is the great King and He made a way
A path to the Father and peace that will stay
This is the great King, from a stall he came
He is the great King, he is the great king, He is the great King - do you know his name?

He is the Saviour of all... each one
He is the Saviour of all.... everyone

There is a great King, He's waiting for you
With healing for your heart, if you want him to
He will defend you, removing your shame
Offers life everlasting if... you call on His name

This is the great King, do you see his might?
The Source of all wisdom, turns dark into light
King of creation, the li-ving bread
He rebuilt the temple, was raised from the dead

And he is always thinking of me
He's always walking by my side
Through his death I live in freedom
And He'll be with me when I die
I will offer him my being
For His love has made me whole
My words cannot recount His greatness
He is the champion of my soul

Yes, He is the great King...

He is the great King, He is the great King, He is a great King for me (2x)
He is the great King, He is the great King, He is a great King for everyone
